Why man's best friend?

THEY SURPRISE US EVERY DAY WITH AMAZING FEELINGS

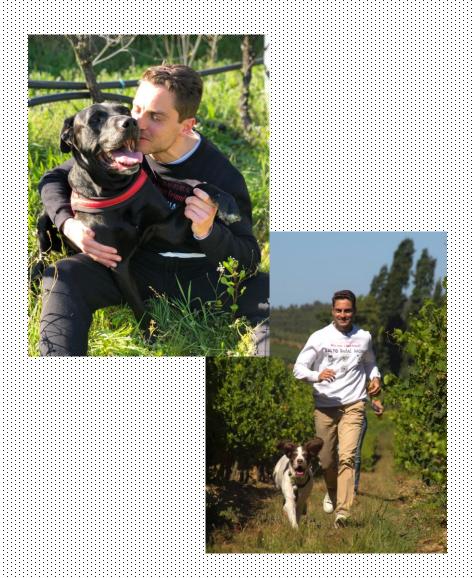

DAVID, THE FAMILY BREEDER

David Codeço is the founder and CEO of BEST WINE TEAM, a group present in production, distribution and consultancy.

He designed and developed the entire project of THE LOYALTY WINE FAMILY, which aggregates a set of wines that use man's best friend as a reference, which symbolizes values and impacting causes.

It also shows the diversity of Portugal, through a unique concept in its way of communicating and in the quality of the wines, bringing together a highly committed and knowledgeable team in the various regions of Portugal.

CARLOS, THE EXPERIENCED OENOLOGIST

Carlos Eduardo leads oenology.

Responsible for launching great wines in the most emblematic regions, he is currently the Director of Oenology, leading projects in the region of Lisbon, Tejo, Alentejo, Verdes, Dão and Douro. He is also head of the chamber of tasters at CVR Tejo and jury of several national and international wine competitions. Throughout his career he has collected hundreds of awards and distinctions. He was considered "Winemaker of the Year 2012" by the Tejo Wine Region.

Together, they carefully selected wine profiles from three important wine regions

DOURO

In Douro, they looked for a mineral wine profile, with vibrant acidity and body, and standing out with notes of fruits and flowers 

In Lisbon, due to its Atlantic influence, they looked for wine profiles that represented freshness and sweet tooth scents and flavors

ALENTEJO

In Alentejo, where the sun and the heat are differentiating characteristics in maturation, they looked for wines that are easy to understand, with a balance of body and acidity
